

2nd Face
BAPS IN THE HOUSE

Fernando de Noronha - PE

December 17-19, 2026

SCIENTIFIC PROGRAM

BAPS
Brazilian Association of Aesthetic Plastic Surgery

SCIENTIFIC COORDINATORS

INTERNATIONAL EXPERTS

DEC 17 - DEC 18

Theoretical Lectures

7:00 AM - 1:15 PM
Brunch 10:30 AM

DEC 19

Cadaver Lab Live Transmission

7:00 AM – 1:00 PM
Countinuous session

DRESS CODE

Casual Clothes

Suits and ties are not allowed

DAY 01

Theorical Lectures

December 17, 2026

7:00 AM - 1:15 PM | Brunch 10:30 - 11:30 AM

SESSION 1 · FACELIFT AND THE DEEP PLANE

07:00 - 07:10 AM	Dual-Plane Injectable PRF in Deep Plane Facelift: Biologic Integration of Repositioned Tissue Interface — *Leandro Menezes*
07:10 - 07:40 AM	My Facelift Technique: Philosophy, Execution and Long-Term Results — *Dominic Bray*
07:40 - 07:50 AM	Endoscopic Approach to the Mid and Lower Third — *Waldemar Penna*
07:50 - 08:35 AM	Segmental SMAS Movement: The Deep Plane Isn't the Same Everywhere — *Ben Talei*

SESSION 2 · DEEP NECK

08:35 - 08:45 AM	Deep Neck: My Pearls — *Rodrigo Bastos*

SESSION 3 · VOLUME, BIOLOGICS AND IMAGING

08:45 - 08:55 AM	Surgical Strategies for Deep Plane Facial Revolumization After Hyaluronidase — *Daniel Vasconcellos*
08:55 - 09:05 AM	The Journey to Deep Plane: From Learning to Mastery — *Armando Teixeira*
09:05 - 09:15 AM	Routine Use of Ultrasound in Facial Plastic Surgery — *Pablo Maricevich*

SESSION 4 · LOWER EYELID

09:15 - 09:45 AM	Lower Blepharoplasty, Canthal Suspension and Post-Blepharoplasty Lower Lid Retraction — *Guy Massry*

SESSION 5 · MANAGEMENT AND STRATEGY

09:45 - 10:30 AM	Management and Strategy for Plastic Surgeons
10:30 - 11:30 AM	**BRUNCH**

SESSION 3 · VOLUME, BIOLOGICS AND IMAGING (CONTINUATION)

11:30 AM - 12:15 PM	Targeted Fat Grafting for Reversal of Aging — *Ben Talei*

SESSION 6 · NECK AND BROW

12:15 - 12:25 PM	Weekend Lift: A Modern Approach to Neck Rejuvenation in Younger Patients — *Milton Rocha*
12:25 - 1:10 PM	The Scalp Fell onto the Brow — Lift — *Ben Talei*

DAY 02

Theorical Lectures

December 18, 2026

7:00 AM - 1:05 PM | Brunch 10:30 - 11:05 AM

SESSION 1 · FACE AND NECK LIFT

07:00 - 07:10 AM	Patient Selection for Facelift: Ideal, Suitable and Unsuitable *Leandro Menezes*
07:10 - 08:10 AM	My Approach to Face and Neck Lift *Mike Nayak*
08:10 - 08:20 AM	How Deep Plane Facelift Evolved from 2020 to 2026: Technical Refinements and Attention to Detail for More Reliable, Long-Lasting Results *Thomas Benson*
08:20 - 08:30 AM	Endoscopic Deep Plane Lifting, Step by Step *Fernando Mattioli*

SESSION 2 · UPPER FACE AND PERIORBITAL

08:30 - 09:15 AM	Periorbital Aging and Rejuvenation *Ben Talei*

SESSION 3 · MANAGEMENT AND STRATEGY

09:15 - 10:00 AM	Management and Strategy for Plastic Surgeons

SESSION 4 · REFINEMENT, REGENERATIONAND CONTOUR

10:00 - 10:10 AM	Same Technique, Different Results: Understanding the Details Behind Outcomes *Ana Carolina Campolina*
10:10 - 10:20 AM	Beyond the Deep Plane: What Regenerative Medicine Solves and What It Doesn't *Leonardo Rodrigues*
10:20 - 10:30 AM	Short and Heavy Necks: How to Improve Contour and Elongation Perception? *Danielle Gondim*
10:30 - 11:05 AM	**BRUNCH**
11:05 - 11:15 AM	Management of Fat in Facial Rejuvenation *Julia Real*

SESSION 5 · ENDOSCOPY, BROW AND EYELID

11:15 - 11:45 AM	Periorbital Rejuvenation: My Approach to the Lid–Cheek Junction *Dominic Bray*
11:45 AM -12:15 PM	Brow Lift Technique *Mike Nayak*
12:15 - 12:25 PM	Vector Mapping in Facial Rejuvenation: The Hybrid Endoscopic–Zigzag Concept *Fernando Mattioli*
12:25 - 12:55 PM	Endo-Style Browlift and Upper Blepharoplasty *Guy Massry*
12:55 - 1:05 PM	EDPB – Endo Deep Plane Brazil *Lessandro Martins*

DAY 03

Cadaver Lab

December 19, 2026

7:00 AM - 1:00 PM | Continuous Session

CADAVER LAB · LIVE TRANSMISSION

07:00 - 08:00 AM	Advanced Endoscopic Approach *Fernando Mattioli*
08:00 - 09:00 AM	Deep Neck with Submandibular Gland Resection *Leandro Menezes*
09:00 - 10:00 AM	Deep Plane Facelift *Mike Nayak*
10:00 - 11:00 AM	Deep Plane Facelift *Ben Talei*
10:30 - 11:30 AM	**BRUNCH**
11:00 AM - 12:00 PM	Deep Plane Facelift *Dominic Bray*
12:00 - 01:00 PM	Upper Third and Orbitopalpebral Region *Guy Massry*

Live dissection format: each faculty member performs a full one-hour dissection on cadaver, transmitted in real time with endoscopic and high-definition video, with open discussion throughout.
